Members of the corporations board of directors are John G. Colling, Carlton G. Thomas, John Edwin Keegan, Harold W. Westbrook, Earl J. Caddy and Robert T. Ingram.

It is planned to open the initial broadcast with these words: "KGFN is on the air!"

"This initial broadcast of the Forty Niner Broadcasting Corporation's Station KGFN marks another step in the progress of Nevada Count. For generations this community has constantly striven for advancement and development. From the early days of 1850 when the fabulous word "Gold" was on the tongue and in the mind of every man and woman in America to the present day of 1947, the pages of Nevada County's History are filled with tales of adventure, drama and color. Radio is a new adventure to this area, entering the people of Grass Valley, Nevada City and their sister cities into a new field of service and activity. Within us all there is the hope that, like the discovery of gold, the opening of KGFN, the first radio station, will go down in those same pages of history as another major step in the growth of this rich and wonderful community"

The names of the two boys are George Laux and Ralf Martins. They are engaged in cleaning up the ruins of Nuremburg and their food ration, they state, is so small it does not give them strength enough for the job.

CAL-IDA, EMPIRE CO. FIRE LOSS TOTALS NEARLY HALF MILLION

AUBURN: Damage was estimated at $450,000 after a fierce fire raced through 8,500,000 feet of milled lumber of the Cal-Ida and Empire Mill Works Corporation properties. two miles north of Auburn late Tuesday.

Fighters hastily assembled from a wide area saved the new $1,000,000 main plant of the Cal-Ida firm. Lumber valued at $500,000 also was saved in the Cal-Ida yard.

The properties are on Highway 49. The entire lumber supply of the Empire firm, valued at $250,000 was destroyed. The Cal-Ida lost $200,000 worth of milled material. Both companies carried insurance.

Fanned by a strong north wind a grass fire enetrated the stacked lumber of the Empire firm at 1:30 P. M. By 2 o'clock the flames had enveloped most of the Empire's holdings and had jumped a 30 foot roadway to ignite the stacks on Cal-Ida grounds.

The direction of the wind was the primary factor in saving the $500,000 Cal-Ida planing mill but it was in serious jeopardy a number of times. E. T. Fisher, general manager, said the deciding factor in saving the buildings, was the huge pumper sent from the Sacramento Army Air Depot.

Participating in the fire fighting also were engines from the DeWitt State Hospital, located one mile from the scene; equipment rrom the state forestry service, Tahoe National Forest and the Auburn, Grass Valley, Nevada City, Colfax and Roseville city departments and a Southern Pacific Company fire train from Roseville.

Loss estimates were furnished by Fisher.

Six fire fighters were injured, none seriously. Albert Novak, Al Costa and Claude Prichard were treated in the Highland General Hospital in Auburn. Emergency treatment was given at the scene to Walter Volkmann, Cal-Ida employe and Ed Cotters of Nevada City, overcome by heat and smoke, and to Larry Gilbert, volunteer, address not given, for a cut eye.

Some fire fighting crews were kept on duty through the night preventing spot fires from wind carried embers.

Other damage included the burning of two boxcars on a spur leading into the Empire yard.

Fire fighting machines obtained their water from the Pacific Gas and Electric Company canal which goes throgh the Cal-Ida property.

Morris Ginsberg and Marshall Weis are in charge of the Empire operations.

YOUTHS CONFESS LONG SERIES OF BURGLARIES

NEVADA CITY: Sheriff Richard W. Hoskins, who returned from Yreka, Tuesday, reports that the four Grass Valley youths in jail there confessed to the following thefts and burglaries:

Grass Valley Laundry, Tess' Gift Shop, Blake Ranch and sawmill, Lake Bowman cabins, tires and wheels belonging to the county in a Bennett Street garage, skelton and medical bag and kit from Dr. Orvin Fry's office, Hotel Holbrooke, two cases of hiskey, North San Juan auto robberies, groceries from cabins on Deer Creek and South Yuba rivers, dynamite from a mine on the McCourtney Road, Jensen's Laundry in Sacramento, Weed Laundry in Shasta County, tools and blankets from Camp Beale, and perhaps a dozen homes in Grass Valley that the boys were unable to identify.

The four youths, whom the sheriff interviewed are Neil and Wesley Etherington, Sanford Williams and his wife Etta, all of Grass Valley, whose depredations the sheriff states, cover more thn two years. Parents of four who were lodged in the county jail Sunday morning and booked for receiving stolen goods, were placed under $2000 bail each.

Mr. and Mrs. Donald Price, were yesterday released on bail as was Mrs. Freda Michelson. Mrs. Price is the mother of Sanford Williams, and Mrs. Michelson is the mother of the Etherington brothers. Mr. and Mrs. Eddie Gunther is the mother of Mrs. Etta Williams, wife of Sanford Williams.

The five parents were arrested following an examination of their homes under search warrants procedure Saturday night and Sunday morning by the sheriff, his deputies and Grass Valley police. A large quantity of the loot was recovered in the three homes.

CHAMBER MEETS, FOURTH PROGRAM

GRASS VALLEY: The complete program for the Fourth of July celebration was made public at the regular Wednesday luncheon meeting of the Chamber of Commerce directors at the Holbrooke Hotel.

Gilbert Tennis reported for the Youth Recreation committee that plans have crystallized to secure a all time recreation director for this ummer. Handicraft and nature study activities will be carried on as well as sports programs and games.

A Community Service Council, Tennis said, is being formed to work in the general field of youth activities.

Dr. Daniel L. Hirsch, president of the chamber, reported that he had secured from an organization in Marysville a ton and a half load of equipment, including an upright paino, suitable for furnishing a youth recreation center.

An educational program emphasizing safety precautions on the highway was sketched by Frank Munsee, Highway Safety committee chairman. In reply to a qestion from Dr. Hirsch as to what progress had been made in eliminating the truck noise nuisance in the Community Hospital area,, Munsee said that he was seeking to contact heads of lumber companies. Police authorities had advised him, he related, that dealing with individual truck drivers was fruitless.

Gil Cramer spoke briefly in favor of reinstating the Community Chest program with the one-donation charity drive which was used in wartime.

Earl Covey reported that great things were expected of the Cavalcade, "Gold Days". The program is constantly growing Covey related. One new development, he said, was that pasties and cold drinks would be served at the cavalcade performance. Governor Warren has been invited to attend the Cavalcade. There was a possibility, Covey said, that either Hollywood or the State Fair would be interested in it.

Great credit is due, Covey continued, to the A.F of L Carpenter's Union for their whole-hearted co-operation and industry in constructing, free of charge in their spare time, the sets for "Gold Days".

"Frontier Days" committee general chairman William H. Stinson was not present, resting from the effects of over-exertion and a severe cold.

Chamber of Commerce Executive Secretary Ray J. Kronemyer announced that the Grass Valley airport had been included as a feeder and mail stop in an application placed with federal authorities by Southwest Airways for their San Francisco to [illegible] route.

CAMPTONVILLE NEWS

By MRS. J. D. RITTENHOUSE

Glenn Calvin has been seriously ill the last week at his home in Camptonville and is under the care of Dr. Sutton of Downieville. Mrs. Irene Bishop and Mrs. Olive Hayes, both daughters of Mr. and Mrs. Calvin, are at home with their parents. Many friends wish Mr. Calvin speedy recovery to health.

Luther Marsh of Nevada City and Geo. McCloskey of Alleghany have been employed for the summer as members of the fire suppression crew by the U S. forest service at Camptonville.

Miss Virginia Church recently graduated from Nevada City high school, is now in Sacramento, employed by the state.

The US forest service guard station formerly at Forest, has been moved and is now located on Pliocene Ridge two miles south of Forest. Construction of temporary quarters at the new location is now under way and construction of permanent quarters is planned for next year.

This move was made to facilitate better service to the public and to permit more strategic placement of fire fighting crews.

Emory McCarroll will be forest guard during the summer months at the newly located guard station.

Mr. and Mrs. Roger P. Dalton and Mr. and Mrs. James Parkinson, of Los Angeles, were week end guests at the James D. Rittenhouse home. The foursome spent the rest of the week vacationing in the American Hill country near Allegnany and plan to return to their homes early next week.

Mattson of Laramie, Wyoming and Mr. and Mrs. Burt Carr of Cheyene. The latter came to California in search of hawks for falconing, which is their hobby. Their trip was successful and they were able to return home with two young hawks which they had captured.

Mr. and Mrs. J. W. Butning of Red Bluff visited at the Richard Pfiffer home over the week end.

The Camptonville Woman's Club held their regular June meeting at the home of Mrs. Mable Hanson.

CLOCK PLACEMENT

If all your kitchen walls are occupied by cabinets, a good place to install your electric clock is in the space over the door. This space is not usually occupied, is prominent and easily seen from most angles.

SIMPLIFY STORAGE

Reduce confusion by simplifying the storage and arrangement of your spices, herbs, dry dessert mixtures, in your kitchen cabinets. Use small graduated condiment shelves, which can be expanded lengthwise as your stock increases.

Is the Universe, including man, evolved by atomic force? This question is the subject of the Christian Science Lesson Sermon for Sunday, June 22. The golden text is taken from Hebrews: "Thou Lord in the beginning hast laid the foundation of the earth; and the heavens are the works of thine hands.' 1:10.

Included in the sermon are the following citations: Isaiah: For thus saith the Lord that created the heavens God himself that formed the earth and made it; he hath established it, he created it not in vain, he formed it to be inhabited: I am the Lord; and there is none else.

Science and Health with key to the Scriptures by Mary Baker Eddy: The true theory of the universe including men is not in material history but in spiritual development. Inspired thought relinquishes a material sensual and mortal theory of the universe and adopts the spiritual and immortal.

Your New ELECTRIC REFRIGERATOR
... how to select it!

SOON you will be able to get delivery on the particular make and style of electric refrigerator you have been waiting for. But regardless of what refrigerator you buy there is ONE MOST IMPORTANT question you should ask. That question is—"What size should I buy?" • To fit the size of electric refrigerator to your family's needs follow these simple rules. First of all, allow 2 cubic feet for each member of the family—an 8-cubic-foot refrigerator for four. Allow more room, too, if you have several children who need lots of milk. If you eat three meals a day at home or entertain quite a bit, that also calls for plenty of space. Finally, remember your old refrigerator which did not have that extra space for a watermelon or the turkey carcass. • You will find that the new refrigerators in larger sizes give you greater value, greater usability and lower operating cost.

Remember the first frozen food you tried? It was probably a package of peas and you exclaimed with delight when you saw their garden green color and later enjoyed the garden-fresh flavor. Today there are dozens of fine frozen foods and many more delights are yet to come. You will be seeing them. You will be freezing your own fruits and vegetables. Right now you can see many fine home freezers on display in stores. Plan to buy and use one in your home this year.
